

Techrete Policy on Local Community Involvement

Techrete believe that consultation and involvement with, and contribution to, our local communities is important in fostering economic and social growth. Techrete will ensure that our work with the local community involves:

- Representation on the Business Sub-Committee of the local Chamber of Commerce in Balbriggan.
- Supporting a minimum of two local schools or clubs projects each year through the supply of materials, labour and / or sponsorship.
- Working and supporting local and national charities, supporting a minimum of one national and 3 local charities.
- Encouraging volunteer work in community activities.
- Liaising closely with individuals in the areas surrounding our sites.
- Promoting the recruitment of local people from the community.
- Procuring materials and services in the local community.
- Encouraging employees to reduce the impact of their travel on the environment by using video conferencing for meetings where practicable, the sharing of cars and Techrete will promote the 'Bike to Work' scheme. Techrete's Green Travel Policy will put limits on emissions allowed from any new company cars.
- Continuing out tradition of sending hampers to neighbours and / or inviting them to an annual Christmas Dinner.

All requests or issues from local communities or individuals will be discussed at the weekly production meeting. Techrete will aim to assist in any way practicable.

Liam Aylward,

Managing Director
